

An Invitation to Support Me at the Mathematics Pentathlon Tournament

“Where Strategic Thinking Counts”

Dear _____,

On _____, I will be participating in the National Mathematics
Pentathlon Tournament to be held at _____.

During this tournament I will be challenging my problem solving, strategic thinking, and mathematical skills with students from different schools. At the same time I am expected to show good sportsmanship and to always give my best in five different events.

Throughout the year I have been working hard to learn the skills I will need to be prepared for this big day. It would mean a lot me if you could stop by for 10 to 15 minutes to support my efforts to be a better math student and problem solver.

TOURNAMENT VIEWING TIMES:

Division I (Grades K-1) – 9:30AM until 11:00AM

Division II (Grades 2-3) – 9:30 AM until 12:00AM

Division III (Grades 4 & 5) – 9:30AM until 2:00PM

Division IV (Grades 6 & 7) – 9:30AM until 3:00PM

Thank you and I hope to see you there,

Future Mathematics Pentathlon Pentathlete

This grades K-7 competition is coordinated by the Pentathlon Institute and the hosting school district, teachers, parents, administrators and community members. The Pentathlon Institute is a not-for-profit organization working in communities for over 28 years, supporting improvements in mathematics education and community involvement.
