*ONLY 27% of these students are identified as gifted in math*

## AISD 2006 STATE TEST COMPARISON

Texas Assessment of Academic Skills (TAKS) Mathematics

\* MPT AISD represents all students in grade 3-7 who competed in a National Mathematics Pentathlon<sup>®</sup> Tournament from AISD.

\*\* AISD (Austin ISD, TX) represents district scores in grades 3-7 who took the TAKS test initially.

The following results were gathered with the permission of the Austin Independent School District in Texas. Administrators from each campus sending students to compete in a 2006 National Mathematics Pentathlon<sup>®</sup> Tournament were instrumental in gathering this data. A special note of appreciation goes out to Dr. Douglas Hall, who encouraged this project to completion.
