2021 NATIONAL MATHEMATICS PENTATHLON 8 YEAR AWARDEES

Delbert Detwiler Awardees are Pentathletes who have participated in National Mathematics Pentathlon Academic Tournaments for a total of 8 years. Each of these awardees receives special recognition with a trophy at a National Tournament. Delbert's dedication and persistence in championing this program in the Michiana area continues to affect thousands of students and educators since 1984. This award was first given in 1993.

2020 NATIONAL MATHEMATICS PENTATHLON 8 YEAR AWARDEES

Delbert Detwiler Awardees are Pentathletes who have participated in National Mathematics Pentathlon Academic Tournaments for a total of 8 years. Each of these awardees receives special recognition with a trophy at a National Tournament. Delbert's dedication and persistence in championing this program in the Michiana area continues to affect thousands of students and educators since 1984. This award was first given in 1993.

2019 NATIONAL MATHEMATICS PENTATHLON 8 YEAR AWARDEES

Delbert Detwiler Awardees are Pentathletes who have participated in National Mathematics Pentathlon Academic Tournaments for a total of 8 years. Each of these awardees receives special recognition with a trophy at a National Tournament. Delbert's dedication and persistence in championing this program in the Michiana area continues to affect thousands of students and educators since 1984. This award was first given in 1993.

PENTATHLON INSTITUTE

Where There is Always Time For Learning

The Pentathlon Institute is a non-profit organization that provides opportunities to link manipulatives, problem-solving games/activities, and printed resource books and manuals with inservice and experience-based learning. The Institute offers teachers, parents, and administrators the following services:

SUMMER WORKSHOPS for teachers, administrators and teacher trainers. Each summer the Institute's staff offers a series of workshops ranging from two to five days in length. (Call 317-356-6284 for a free summer flyer.) Some of the sessions that are featured include:

MATHEMATICS PENTATHLON-: Participants learn the series of interactive problem-solving games and related activities and how to integrate the games with ongoing classroom instruction

MATHEMATICS EXPERIENCE-BASED APPROACH (MEBA™): This developmental approach fosters mathematical understanding by building deliberate connections among physical models, pictures, and symbols and associated concepts and procedures. Participants in this workshop learn how to integrate problem solving with spatial visualization, cooperative learning, and the use of oral and written language to communicate mathematical concepts and relationships.

OTHER WORKSHOPS on geometry, fractions, and algebra

AWARENESS WORKSHOPS give an overview of the Mathematics Pentathlon program or MEBA. For details call 317-549-3232.

CUSTOM-DESIGNED INSERVICE FOR SCHOOLS/DISTRICTS For more details call 317-549-3232.

A WIDE VARIETY OF INSTRUCTIONAL RESOURCES including physical and pictorial models, an instructional series of interactive problem-solving games/activities, and printed instructional books, manuals, problem-solving worksheets, and assessment ideas are available through the Institute. For an order form contact 317-356-MATH.

NATIONAL MATHEMATICS PENTATHLON TOURNAMENT Hosted by interested schools, school districts, or universities, this academic experience is designed to provide students with an opportunity to assess their ability to "think on their feet" and at the same time provide teachers, administrators, and parents with a means to help students learn the fundamental skills of future leadership, dynamic (active) problem solving. For more details call 317-549-3232.
